

# The Pony Song

A long time ago

During the crypto winter

It was actually Christmas eve

And I saw before me

In its mighty glory

It was my Forgotten Runes pony

Across the plains thru the Oxbow pass to the Kobold's crossroads ho

Were on our way to the Wizard's Wood to find a cool place to go

The Carnival pass is in our path and my pony wants to go

To crash the night, get in a fight and have a rodeo, lets go!

Barnaby the Bold

Your story is getting told

Riding with Qasim

Across the Runiverse with him

Trading nfts

At the tavern on the lowkey

I peg lyfe 4 me

And my Forgotten Runes pony
